- **2023 -** EXL established a **Headquarters for International Business in Dublin**, marking its formal expansion into Ireland.
- **2023 -** The company announced plans to hire up to **200** AI, data engineering, and other technology specialists in Dublin over **three years**.
- **2023 -** Ireland was positioned not just as a sales office, but as a strategic base for international business and technology growth.
- **2025 -** EXL opened its new Headquarters for **International Business in Dublin Docklands**
- **2025** - EXL launched its **AI Innovation Lab**, a dedicated center for the research and development of industry-specific AI solutions.
- **2025** - The AI Innovation Lab was launched with **60 initial AI-skilled roles**, contributing toward EXL's broader Ireland hiring target.

Why Ireland?

EXL is a global data and AI company serving sectors including banking, insurance, healthcare, retail, utilities, and travel. Its Dublin International Business HQ and AI Innovation Lab position Ireland as a strategic base for talent, research, innovation, and global growth. From Ireland, EXL develops AI solutions, collaborates with clients, and advances its EXLerate AI platform.

What EXL Does

EXL improves business performance through data, analytics, AI, and digital operations across customer experience, risk, finance, and industry-specific transformation.

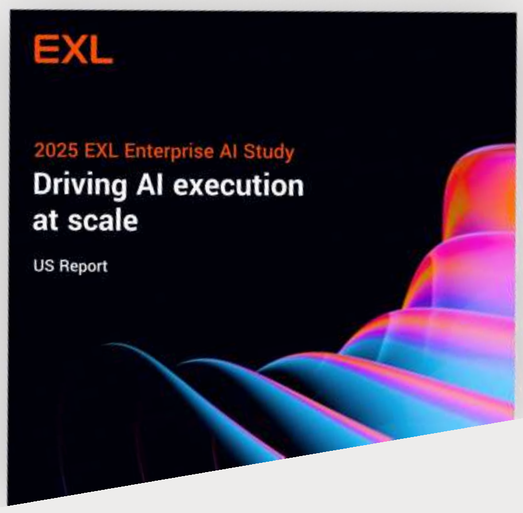
™



Ireland and the AI Supply Chain

For EXL, Ireland contributes to the AI supply chain by providing:

- access to AI and data talent
- links with universities and research institutions
- a location for AI product and solution development
- a collaborative base for enterprise client innovation
- an international hub for scaling AI-led business operations
